Attention: Our school needs your help!

Save your empty inkjet printer cartridges - they have value!

Our school has found a company that will pay us cash for empty inkjet printer cartridges. They then remanufacture the inkjet cartridges and sell them at significant savings to their customers.

Benefits:

- ① 100% profit for our school.
- ① Potential to earn thousands of dollars per year.
- ① Program is a safe, simple, quick, easy, profitable, guaranteed way of raising funds.
- ① Eliminates thousands of tons of trash in landfills.
- ① Students learn about recycling and its huge impact on our environment.

Here's how it works:

- ① Inkjet cartridges can be collected from homes, parents' work, co-workers and local businesses.
- ① Inkjet cartridges should then be brought to a collection box at school in a plastic bag to prevent leakage.
- ① Inkjet cartridges are shipped to our recycling company (free shipping is provided).
- ① School earns between \$.25 and \$5.00 per inkjet cartridge.

Thanks for your support!
